

Forecast Pro Training

Forecast**PRO**[®]

Product Training Workshops in London, UK

Forecast Pro Unlimited ■ 22-23 June 2011

Forecast Pro TRAC ■ 22-24 June 2011

Classes held at Cass Business School, 9 a.m. to 4 p.m.

Get hands-on with Forecast Pro!

Forecast Pro product training workshops are an excellent opportunity for new users looking to get a quick start, long-time users looking to sharpen their skills and even those who are just considering Forecast Pro. Manuals and tutorials are great, but nothing substitutes for hands-on training with experienced instructors who can answer all of your questions.

For the first two days of classes, all students attend the same workshop focusing on the features of Forecast Pro Unlimited. This is followed by a third day for Forecast Pro TRAC students only which covers the additional features that are unique to this edition of the software. This class structure reflects that Forecast Pro TRAC is built on the Forecast Pro Unlimited framework.

"I found the use of real world examples to be very helpful as part of the learning process."

Phil Clamp
Expedia

"The hands-on training was fun! I remember much more when I have to do something myself."

Keith Moore
Furman Foods

"This is an excellent and 'easy to get your hands around' workshop. It is a must for anyone who uses Forecast Pro."

Bill Hamilton
The Dixie Group

By the end of the session you will know how to...

- ✓ Import your existing data quickly and easily
- ✓ Navigate effectively and efficiently through Forecast Pro
- ✓ Create accurate forecasts automatically
- ✓ Build and evaluate alternative forecasting models with confidence
- ✓ Leverage business knowledge by adding judgment to the forecasts
- ✓ Build multiple-level models to forecast complex hierarchies
- ✓ Detect and correct outliers that might need individual attention
- ✓ Incorporate promotions, holidays and other one-time occurrences into the forecasts
- ✓ Create dazzling reports and convincing presentations
- ✓ Integrate your forecasts smoothly with your other systems
- ✓ Use multiple units of measure, "shuffling" (on-the-fly hierarchy changes), exception reports and accuracy tracking (*Forecast Pro TRAC only*)
- ✓ And much more!

*Presented by Business Forecast Systems, Inc.
in cooperation with [Timberlake Consultants Ltd.](#)*

Dates:

Forecast Pro Unlimited 22-23 June 2011

Forecast Pro TRAC 22-24 June 2011

Location: Cass Business School (Cass), London, UK

Workshop Hours: 9 a.m. – 4 p.m.

Note: the exact location of the seminar will be provided to attendees upon confirmation of their registrations. For any additional questions regarding workshop logistics, contact Timberlake Consultants at +44 (0) 20 8697 3377 and ask to speak with an associate from the Training Department.

Hotel Accommodations

The seminar will be held at Cass Business School which is located in the heart of London's financial district. For a detailed map and directions by Underground, bus, car or train, visit:

<http://www.cass.city.ac.uk/more-about-cass/about-the-school/location-and-facilities>

Cass is 5-10 minute walk from the nearest Underground station, so commuting via the "tube" is easy. London offers a wide range of accommodations, and since Cass is conveniently located near the Underground, attendees have the flexibility to choose a hotel based on individual preferences. For those looking for accommodations nearby Cass, the following hotels are within walking distance:

Thistle City Barbican

Central Street, Clerkenwell
London EC1V 8DS

Phone: 0871 376 9004 / +44 845 305 8304

http://www.thistle.com/en/hotels/united_kingdom/london/thistle_city_barbican/index.html

Room rates are typically £159-£169 per night single occupancy.

Holiday Inn

Kings Cross/Bloomsbury
1 Kings Cross Road
London WC1X 9HX

www.holidayinn.co.uk

Reception: 020 7833 3900

<http://www.holidayinn.com/hotels/gb/en/london/lonkc/hotel/detail>

Room rates are typically £160-£170 per night single occupancy.
