

Programming Support

Programming in EViews 7 has been improved in a number of important ways:

- Logging of program messages
- Multi-line commenting using the program file editor
- Greatly enhanced support for strings, including new string and string vector objects, and an extensive library of new functions for creating and manipulating string lists, and improved programming support
- Enhanced support for Text Objects
- Extensions to programming syntax
- User-defined dialogs
- New object data members
- New commands
- New functions
- New general information functions
- New workfile functions
